SUBJECT: "Spot Me A Buck" Promotion Participation

DATE: June 4, 1991

Per our recent conversations, this provides a summary of the participation among stores and clerks in this program.

- ° A total of 8,046 accounts were solicited to participate in the "Spot Me A Buck" promotion.
- ° 24,045 clerks in those stores were registered as receiving an "Ask For Bucks" button.
- ° A total of 18,827 clerks were "spotted" wearing their buttons during the March - April promotion period.

This translates to a 78% Contest participation/entry rate among the clerks receiving buttons.

The drawing for the winners (among those clerks "spotted") is being conducted this week and I will notify you as to the results.

[The attached provides the raw data for the investigation into the stores who participated and the number of clerks receiving buttons in the accounts.] Please advise if you need any further information.
